Formative Assessment (निर्माणात्मक मूल्यांकन)

- Identification of areas for improvement.
- Specific suggestions for improvement.
- Examples- classroom interactions, questioning, structured classroom activities, and feedback aimed at helping students to close learning gaps.
- Students are also actively involved in the assessment process through self- and peer-assessment.
- It shapes subsequent learning

Summative Assessment

- Saving screenshot... ce
- By the time it occurs, students have typically exited the learning mode.
- The evaluation of summative assessments provides a look at student performance as well as an opportunity to evaluate instructional practices.
- Examples- Chapter/Unit tests, Projects.
- They evaluate what someone learned while they've been in course & also evaluate how prepared someone is to go to the next academic level.
